### **Special Section on the 2026 URSI-Japan Radio Science Meeting CALL FOR PAPERS**

The [\*URSI Radio Science Letters \(RSL\)\*](#) is an electronic journal owned and operated by the International Union of Radio Science (URSI). Its purpose is to rapidly publish original and previously unpublished scientific research work in all areas of radio science, in the form of short contributions that are rigorously reviewed.

The URSI-Japan Radio Science Meeting (URSI-JRSM) is the URSI conference organized by the Japan National Committee of URSI (JNC-URSI). The URSI-JRSM provides a regional scientific forum for radio scientists and engineers in Japan and the Asian region. The “2026 URSI-Japan Radio Science Meeting” (URSI-JRSM 2026) is the fifth URSI-JRSM after the first (2014), second (2015), third (2019), and fourth (2022) editions. The URSI-JRSM special section was published in RSL for its 2022 edition, with a total of 17 papers.

This special section provides a selection of papers presented at the “2026 URSI-Japan Radio Science Meeting” (URSI-JRSM 2026) held in Tokyo, Japan on March 2-3, 2026. It also publishes invited papers authored by the three winners of the Student Paper Competition (SPC). All participants at URSI-JRSM 2026 who presented papers are eligible for submitting papers to this special section.

Topics for this Call for Papers include but are not restricted to:

- Commission A: Electromagnetic metrology
- Commission B: Fields and waves
- Commission C: Radiocommunication systems and signal processing
- Commission D: Electronics and photonics
- Commission E: Electromagnetic environment and interference
- Commission F: Wave propagation and remote sensing
- Commission G: Ionospheric radio and propagation
- Commission H: Waves in plasmas
- Commission J: Radio astronomy
- Commission K: Electromagnetics in biology and medicine

#### **Important Dates:**
